

---

In outside circles, identify the following about each “witch hunt”:

1. Who were the accused? (i.e., what was being “hunted”?)
2. Why were the accused viewed as threatening?
3. In what ways were the accused persecuted?
4. What were the consequences of the persecution?
5. What was the final outcome?

Think about how the “witch hunts” are similar. In the center circle, record as many similarities as you can.
