Victor Frankenstein's Mental Health Assessment Presentation Rubric

Criteria	Description of Criteria	Score (1 – 5)
Explanation of Mental Illnesses/Disorders	Demonstrates an understanding of the main characteristics, symptoms, and causes of the disorder; provides accurate and sufficient information on each disorder from reputable sources	
Use of Specific Evidence from the novel to diagnose Victor	Selects sufficient, accurate, relevant, specific evidence from throughout the novel	
Selection and use of video	Incorporates a well-chosen video of no more than four minutes to enhance (not repeat) the information provided	
Demonstration of a clear understanding of the novel	Speaks from a knowledge of the book rather than reading from slides; comments demonstrate breadth and depth of understanding	
MLA Format	Cites sources within the presentation to show that information came from reputable sources; includes a Works Cited list at the end of the presentation with cited sources listed using MLA format	
Visual Appeal	Designs slide layout to be visually appealing, text to be easily read (color, font, size, amount); incorporates images that enhance the presentation's visual appeal and that clarify or illustrate information	
Grammar/Mechanics	Demonstrates correct spelling, punctuation, capitalization, and grammar throughout slides	
Presentation	Speaks loudly and clearly; makes eye contact and maintains appropriate stage presence; speaks from understanding rather than reads from slides; is prepared when it is the speaker's turn to present
